How to get Free Coin Master spins

Purchasing anything from the in-game catalogue requires Coin Master spins, the official currency.

IT'S EASY: Just follow the steps we list below!

And the more you have, the more special items you can buy!

Using Coin Master spins allows users to create game passes and developer products in different games – a touch that cements Coin Master as a game of the future.

There are a couple of reliable ways to make some quick cash, so we will take you through them below.

Create a Game

However, one of the best way to actually get 'free' Coin Master spins is by creating your very own Coin Master game.

JAILBREAK: No matter which side you are on, you'll need to keep your wits about you.

All users are able to build as many games as they want, and it's pretty easy to do so:

Click 'Create' in the blue bar at the top of the page

In the 'My Creations' tab, click 'Games' if it isn't already highlighted

Click 'Create New Game'

Choose the settings and templates for your new creation, then click 'Create Game'

While you can earn actual real-life currency with in-game purchases, you can also monetize certain elements of your game to collect Coin Master spins.

Sell your Clothes

Well, not literally the ones off your avatar's back - ones you've made yourself!
