When Hanna-Barbera's Tom & Jerry first appeared in 1940, they were called Jasper and Jinx, and the cartoon they appeared in, "Puss Gets The Boot," also featured a racist housemaid archetype named Mammy Two Shoes. Pitched by Joseph Barbera as "two equal characters who were always in conflict with each other," Tom & Jerry quickly became cartoon icons and have since appeared in 161 theatrical shorts, spawned a number of self-titled television shows, and have appeared in 14 movies. The fifteenth Tom & Jerry movie, aptly titled Tom & Jerry, hits HBO Max this weekend, and brings with a hefty cast of characters including Michael Pena, Chloe Grace Moretz, and Rob Delaney. It also, of course, features Tom & Jerry.

The A.V. Club sat down with Tom & Jerry director Tim Story and producer Chris DiFaria to talk about how the two approached adapting these much-beloved characters. Is there a Tom & Jerry bible? A designated archivist? And how does a movie appealing to kids in 2021 deal with the realities of what happens when someone takes a frying pan to the face? Or does it? All of those questions and more are answered in the video above.

Close Enough is a surreal animated comedy about a married couple, their 5-year-old daughter, and their two divorced best friends/roommates all living together on the east side of Los Angeles.

They're in their 30s and working, taking care of their family and pursuing their dreams. Oh, and also avoiding time-traveling snails, stripper clowns, and murderous mannequins. This season, they are up against haunted couches, bulbous horses, time-traveling whiskeys and a literal houseguest from hell.

Tom & Jerry is coming to the big screen on Feb, but you can skip the theater and watch the movie on HBO Max the same day. This pair of best friends is starting over in the big city. When Jerry moves into a hotel, Tom is hired to track him down before a big event happens.

In a clip from the live-action-animation hybrid Tom and Jerry movie reboot, the classic cartoon characters trash not just a hotel room but the whole building. The duo was created

in 1940 by William Hanna and Joseph Barbera, who would later co-found the major animation studio Hanna-Barbera Productions. 114 original short films were made for Metro-Goldwyn-Mayer during the first era of Tom and Jerry cartoons, after which the characters migrated to other studios.

As cats and mice tend to be, Tom and Jerry are born rivals. In most shorts and episodes, the two are engaged in ever-escalating fights that result in slapstick humor and exaggerated physical gags. A mutual obsession that borders on love drives both to develop elaborate strategies in attempts to outwit the other that often result in cartoon violence and destruction of their environment. Despite their rivalry, Tom and Jerry put aside their differences when faced with a common enemy, or when their interests align. The anthropomorphized animals possess human intelligence and instincts, although neither speaks for the most part. Following the toon's run at MGM, Tom & Jerry went through various iterations before making its way to Warner Bros., the show's current owner.

Cartoon Network offers a sneak peek at the characters' latest incarnation in Tom & Jerry The Movie on Youtube. The 80-year-old toons haven't aged a day, although their animation has gotten a fresh new update since their last appearance on screen. Like Space Jam did with Looney Tunes, this new reboot plucks cartoon characters from their old-timey, animated world and places them in the "real" (live-action) modern world. Cartoon Network is a subsidiary of Warner Bros., which means that Tom & Jerry The Movie will be released in theaters and on HBO Max simultaneously like all of the studio's 2021 productions. Tickets are on sale now for a February premiere. Watch the old frenemies reunite to cause mayhem in the trailer here:

In the real world, Tom and Jerry appear to be squatting in a hotel. It's implied that Jerry has taken up residence as a building pest, but Tom's reason for hanging around isn't established. The scene begins with Tom and Jerry squabbling as per usual and quickly escalates into a full-on chase when a guest walks in with Spike, a pugnacious bulldog from the old cartoons. Chloë Grace Moretz plays a flustered hotel employee trying in vain to control the situation by bartering with the toons before it erupts into chaos. Michael Peña (Ant-Man) plays the hotel manager who gets caught up in the action as other hotel staff played by Jordan Bolger (Peaky Blinders), Patsy Ferran (How to Build a Girl), and Christina Chong (Doctor Who) look on.

If the idea of an animated cat and mouse destroying a luxury hotel wasn't enough of a selling point, a few other names involved in the movie might be a draw. A litter of comedians including Rob Delaney, SNL's Colin Hanks, Ken Jeong, and Lil Rel Howery all feature, Howery only audibly as the Angel and Devil in Tom's conscience. Reggaeton-pop star Ozuna also makes a surprise cameo as one of the hotel staff, perhaps jockeying for a

future role in *Cats 2* alongside Taylor Swift and Jason Derulo. Director Tim Story has said that keeping the characters 2-dimensional in a 3-D world was the best way to stay true to the original cartoon—the combination has worked in the past, so the addition of a real-world setting could make for a fun, whimsical experience. Considering the chaotic state of the world, the idea of cartoon animals wreaking havoc in a hotel doesn't actually seem all that implausible.

our favorite cat and mouse team take their antics to New York City in the new Tom and Jerry movie!

Premiering Friday, February on HBO Max, one of the most beloved rivalries is reignited when Jerry moves into the nicest hotel in the Big Apple days before the venue is scheduled to host “the wedding of the century.” Not wanting a mouse problem (understandable), the event planner hires Tom, a cat, (less understandable) to get rid of Jerry. Does hilarity ensue? I haven't seen the film but I'd bet my bottom dollar that it does.

Starring Chloë Grace Moretz, Michael Peña, Colin Jost, Rob Delaney, Ken Jeong, and Pallavi Sharda, *Tom & Jerry* is a great option for movie night. What time will *Tom & Jerry* premiere on HBO Max? Here's everything you need to know.
