People from all around the world are liking and using this TikTok Followers generator everyday in order to get more and more fans on tiktok for free. This should have answered the most popular question around the youth, "How to get more followers on Tik Tok for free". We don't charge anything in order to serve you with the non dropping 100% Real TikTok Fans and TikTok Followers.

TikTokIt is not a one-man business, it is a global initiative of TikTok influencers and complete newbies around the world. Hundreds of us were on Mysical.ly before the viral video app TikTok was born. Dozens of TikTokIt community are also ex-Viners who moved to TikTok when Vine discontinued its service. Today, it is TikTok that unites us. We are TikTok followers, fans, and viewers who like, share, and follow not for money but support. Have you liked or followed someone on TikTok because of their memes, lip-sync, or dance challenges? You've helped us complete someone's free TikTok order. Now let us complete yours.

Because of hundreds of fake followers generators, t's easy to get fake followers that may lead to your account being locked. Thousands of TikTok users have their accounts suspended buying or getting bots instead of real followers. Being suspended ourselves, we have created TikTokIt, the real followers system that connects hundreds of thousands TikTok users real-time, suggesting accounts to follow, TikTok videos to like, view, and share. Once the user is not interested in following one account, the followers system suggests another TikTok account/video. This way we are able to fulfill orders for free TikTok followers with real human accounts, and comply with TikTok terms.

Many providers offer free TikTok followers, likes, views, or shares for new visitors only. But every TikTok user knows that getting followers once won't bring big results. TikTokIt distributes free TikTok followers, free views, and likes for both new and regular users. Another common issue with fake TikTok services is the daily limits on the number of free followers for one TikTok account. Besides the daily followers limit (usually capped at 100), those services restrict you from accessing TikTok services multiple times a day. With TikTokIt, the number of free TikTok followers is unlimited.

Your TikTok account safety is our primary concern. Unlike other services putting you at risk delivering followers in bulk, TikTokIt promises drip feed delivery. Because drip feed delivery happens at natural speed, it prevents TikTok algorithm suspicion. In contrast, getting a massive number of TikTok followers (or likes) instantly may cause your account to be banned. Also, to avoid security issues, TikTokIt does not ask for a login or password. Free TikTok followers, likes, and views are delivered from the outside of the user profile with just a username or URL link provided. Each order is safely encrypted to ensure the user account's safety and organic delivery.
