As in many other Bollywood movies, there are a number of musical numbers. If you watch Collector, I highly recommend watching the scene where Mallika dances to "Natural Woman" by Aretha Franklin. The two lead actors did a great job, both Mallika Sherawat and Shajon Shah did a great job, even the supporting actors did a great job, but what really makes the movie is the music that has been used for these scenes. For some reason it seems to play better on some of the musical tracks than others, but it really doesn't matter, the songs are still great regardless.
