Walk into the new season in style

Ballet inspired is one of the biggest trends for a/w this year and, fortunately for us, it's trickled down to the high street. The 'it' ballet piece has to be Miu Miu's lace-up flats – great for pairing with jeans, a casual shirt and comfy coat for a stylish a/w look. Miu Miu's will set you back £385 but we've found a great match in Zara at almost a tenth of the price at £39.99. That's a saving of almost £350! You'll also be happy to know that Zara's, much like Miu Miu's, are leather.
