The number 2 seed West Florida Argo women loses the GSC opening round championship 48-43 versus West Georgia Wolves. They drop to (23-6) the argos had already beaten the wolves twice during the season, but could not pull this one out.

UWF did not shoot well tonight from the field. They shot 24 percent which was not enough for them to win. Almost everyone had a poor shooting night from the argos. They could not get any shots to fall for them. It was just one of those nights for them.

This is the worst shooting night for them by far this season. The wolves get off to a hot start on an 11-2 run while wf cannot get it going. The argos make the game closer going down by one. They could not get the lead, and the wolves go up 29-20 going into halftime.

UWF makes the game closer with a 3 hit by Danielle Norquest, that is her first made 3 pointer tonight. The lady argos finally gets the lead to go up 35-34 with a layup by senior Belle Bistrow. Bistrow has had a tough night from the field with this being her first made shot tonight.

Heading into the 4th quarter both UWF and UWG is going shot for shot, it is a close game. Senior Toni Brewer has been having a great night as she usually does. She tries to get the lady argos going o both ends of the floor.

Brewer finishes the game as the leading scorer for the argos, she leaves the game 9-19 from the field scoring 26 points to go with 17 rebounds. She played well tonight but it was not enough to put them over top.

This was a hard fought game by the lady argos. They will not come away with the GSC championship game which they wanted very much. Hopefully the lady argos can turn this around, this should give them more fuel heading into their next matchup. They return to action in Lakeland, Fla for the Region Quarterfinal game.
